

## Our Commitment to Responsible Tourism

We believe we have a responsibility to minimise our environmental impact and to support our community. We have reviewed our business practices and are undertaking a number of actions including:

- Reducing our waste by recycling and encouraging our guests to do the same.
- Reducing our water usage by installing devices in shower heads to reduce water volume, without compromising on quality.
- Reducing our energy usage by using motion sensors and energy efficient light bulbs.
- Focussing our charitable donations on local clubs, charities and sporting teams.
- Supporting Pukaha Mount Bruce National Wildlife Centre by sponsoring 4 hectares, funding pest eradication programmes.

These are just a few of our initiatives, if you would like to find out more or have any suggestions please come and see us in the office.
